

## Q&A DOCUMENT – THE RESTRUCTURING PLAN AND CAPITAL INCREASE OF DRAKE AND SCULL INTERNATIONAL PJSC (the “Company” or “DSI”)

---

The questions and answers below are given in general terms and it is therefore important to read the terms and conditions relating to the capital increase set out in the invitation for further details on the actions you should take. If you are in any doubt about what action to take, we recommend that you seek legal and financial advice.

This is a simplified document that highlights the key elements of the Capital Increase and the Restructuring plan to assist both the PR and IR management in communicating this message via identified channels.

### A. Restructuring Plan:

#### 1. Which subsidiaries are part of the restructuring plan?

As per the Court decision received on 1 November 2023, DSI’s Restructuring Plan was approved. The following UAE companies applied for restructuring:

1. Drake & Scull International PJSC
2. Drake & Scull International LLC - Abu Dhabi
3. Drake & Scull Engineering LLC
4. Drake & Scull for Contracting Oil & Gas Fields Facilities LLC

These companies are collectively referred to as the **Plan Companies**, and creditors of these Plan Companies are referred to as the **Plan Creditors**.

#### 2. What are the key commercial terms of the Restructuring Plan?

- (i) Creditors of the Plan Companies, including both financial and trade creditors, agreed to a 90% write-off of their claims.
- (ii) The remaining 10% balance of Plan Creditors whose total claims exceed AED1 million will be swapped for a mandatory convertible sukuk (the “**MCS**”). Plan Creditors whose balance is between AED50,000 and AED1 million will have the option to receive their remaining 10% balance in cash or as MCS. Plan Creditors with a balance of less than AED50,000 will receive their remaining 10% balance in cash.

***We note that all Plan Creditors with claim balances between AED50,000 and AED1 million opted for the cash settlement option.***

#### 3. What are the key commercial terms of the MCS?

- (i) The MCS will be issued through a Sukuk SPV named DSI Sukuk II Limited and will be guaranteed by DSI under a Wakala Agreement.
- (ii) The MCS is a zero-coupon instrument, meaning it doesn't pay periodic interest. However, holders of these MCS are entitled to certain "special profit" payments attributed to: dividend payments by DSI before the conversion of the sukuk, as well as proceeds from specific litigation settlements and revenues generated from certain asset disposals.

- (iii) The MCS will automatically convert into shares of DSI either when it matures (after 5 years from the date of issuance) or earlier if specific conversion events happen.

All MCS holders will receive newly issued shares that will be listed on the Dubai Financial Markets (DFM). It's anticipated that all MCS holders will receive equal in value in aggregate up to 35% of DSI's total issued share capital. However, this percentage could be lower if the company decides to repurchase some MCS.

- (iv) As a condition to implementing the Restructuring Plan, the company needs to raise at least AED300 million through a capital increase.

## **B. Capital Increase:**

### **1. How much is the Company looking to raise?**

The Company is planning to raise a minimum of AED300 million and a maximum of AED600 million for AED0.25 per share.

### **2. What will be the share capital of the Company upon the successful completion of the Capital Increase?**

The company plans to increase its share capital by issuing between 1,200,000,000 and 2,400,000,000 new shares (“**New Shares**”), each priced at AED0.25. The difference between the nominal value of AED1.0 per share and the issue price of AED0.25 per new share will be recorded as a Share Discount in the balance sheet.

### **3. How would the Share Discount impact the financial position of the Company?**

The Share Discount will impact the Company's financial position by reducing the Shareholders' Equity. Over time, this deficit will be offset by the Company's future profits. During this period, the Company will not distribute any profits to shareholders.

### **4. What does the Company plan to do with the proceeds of the Capital Increase?**

The Company intends to use the net proceeds raised from the Capital Increase as follows:

- (i) payment to cover mandatory Accounts Payable, as outlined in the Restructuring Plan and restructuring plan related expenses;
- (ii) settlement of small creditors' claims eligible to receive cash and to buy-back the MCS as per the terms of the restructuring; and
- (iii) fund future operations and potential acquisitions supporting the Company's growth.

### **5. Who is eligible to subscribe for New Shares?**

All Shareholders as at the close of trading on the DFM on the Eligibility Date, being Wednesday 24 April 2024 (“**Eligible Persons**”), will be eligible to participate in the Capital Increase. Shareholders must ensure that their name is reflected in the Company's share register held by the DFM as at the close of business of the DFM on the Eligibility Date, and that they have an investor number (“**NIN**”) on the DFM to subscribe for New Shares.

### **6. Can I participate in the transaction if I am not a shareholder of DSI?**

No, only DSI's Shareholders are eligible to subscribe to the Capital Increase.

#### **7. What should I do if I think my holding of shares is incorrect?**

Shareholders that think that their holding of shares is not correct, or which believe to be shareholders (e.g. as a result of an inheritance) but do not see the shares credited in their accounts should get in touch with their brokers and/or DFM to resolve the issue.

Only Shareholders as at the close of trading on the DFM on the Eligibility Date, being Wednesday 24 April 2024 ("**Eligible Persons**"), will be eligible to participate in the Capital Increase. **11. Can I subscribe to less than my pro-rata allocated shares of the Capital Increase?**

Yes, you have the option to subscribe to new shares that amount to less than your pro-rata share of the Capital Increase.

**12. Does a Shareholder have to subscribe for New Shares?**

As a shareholder, it's up to you to decide whether or not to subscribe.

**13. Can I subscribe to more shares than what I am entitled to?**

Yes. During the subscription period from Thursday, April 25, 2024, to Friday, May 10, 2024, you have the option to subscribe for more shares than your entitlements. However, you must pay for the full number of shares you wish to subscribe to. If the Capital Increase isn't fully subscribed to, the remaining shares will be distributed to those who subscribed for more than their allocation, on a proportional basis. There's no guarantee you'll receive all the shares you applied for. In such cases, you'll receive a refund for the shares you subscribed for but didn't receive.

**14. If I apply for additional shares, am I guaranteed to receive them?**

There is no guarantee that you will receive all the shares that you applied for beyond your pro-rata allocated shares.

**15. What happens if a Shareholder does not subscribe for New Shares?**

If you decide not to subscribe for New Shares, you will be still holding the shares that you owned initially but you will miss out on the opportunity to buy new shares at a lower price which is AED0.25 per share, and as a result, other shareholders will be eligible to subscribe to the shares that were allocated who subscribed to more than what they are entitled to.

**16. What happens in case the Capital Increase is not fully subscribed at the end of the Subscription Period?**

If the proceeds from the Capital Increase fall short of AED300 million, the Capital Increase will be canceled, and the funds will be refunded to the shareholders who subscribed to the Capital Increase. However, if the proceeds raised from the Capital Increase were between AED300 million and AED600 million, then the Capital Increase will be considered successful based on the amount raised.

**17. When will my New Shares be admitted to trading?**

The New Shares are anticipated to be listed for trading on the DFM once all necessary formalities regarding their registration and allocation have been finalized, which is expected around May 21, 2024.

**18. How many New Shares am I entitled to?**

You are entitled to 2.241 New Shares for every share you hold as of the Eligibility Date.

However, during the subscription period from Thursday, April 25, 2024, to Friday, May 10, 2024, you have the option to subscribe for more or less shares than your entitlements.

**19. What if I want to sell the New Shares for which I have paid?**

Following the start of trading of the New Shares on the DFM (anticipated to occur on or around May 21, 2024), you will have the opportunity to sell your New Shares as usual.

**20. What will be the share price once the New Shares will start trading?**

Following the start of trading of the New Shares on the DFM (anticipated to occur on or around May 21, 2024, 2024), the share price will be determined by the price at which investors are willing to buy and sell their shares, and hence could be higher or lower than AED0.25. Before trading in the shares was suspended in 2018, the share price was AED0.37, however given the amount of time it has passed and the events that have taken place in the interim, Shareholders are advised to not place reliance on such price.

## 21. Can I change my decision to participate in the Capital Increase?

Once you've submitted your subscription form at a participating branch of the Receiving Banks, you cannot retract your application or modify the number of New Shares you've subscribed to, however you are allowed to increase the subscription amount by submitting another subscription form during the subscription period.
